

From the Field

Round 9 Match Reports

Under 5 Kangaroos Black

Excellent effort and great defence from our team today. The defence of our opponents was really good too. Our boys and girls tried all they could but were unable to get a goal past them.

Under 5 Kangaroos White

Great game today with great teamwork effort. Training started to pay off with great passes. Parents also as always on fire!

Under 6 Lions

U6 Lions welcomed our newest team member Aadvik (Aadi), who played a fantastic first game, slotting straight into the team. We played our best game yet, with some great runs up the field by Zander, excellent defending by Aislin and Elizabeth, with Addison bravely playing on with a sore knee.

Under 6 Whales

All players on board today for another great game we were leading at the start and all players were passing and defending well St Patricks just beat us by 1.

Under 7 Kangaroos

It took the boys a little while to kick into gear but once they did it was another great performance. Everyone contributed in both attack and defence, well done.

Under 7 Lions

WOW WOW WOW What can I say truly a very on the edge of your seat game it was a game full of emotions full of excitement and full of goals well done Team with two players' out sick the four of you Connor, Kyle, Lucas and Owen you did an amazing job what an intense game.

Under 7 Magpies (White)

We had fantastic game today with 3 players securing their first goals. We defended well all game against an opposition that had a few players that were faster and stronger on the ball than we were. It was great to see Marcus step it up this week chasing the ball and capitalizing on an opposition error to get his first goal ever. Marcus challenged for the ball all game easily earning this week's encouragement award and narrowly missing out on the player of the match for his efforts this week. Keep up the great work Marcus! Lily worked hard all game hassling and challenging for the ball making some great defensive plays and making up great offensive ground. Lily has started to think about positioning on the field, finding herself in front of goal with the ball at her feet and capitalizing on the opportunity with a convincing strike into the back of the net. Our Player of the match Matilda is definitely our smallest player but that don't let that fool you. Matilda ran hard all game, taking it to the bigger opposition players, regularly stealing the ball and running away with it. Matilda was rewarded for her efforts by scoring her first goal for the year. One thing to note about Matilda is no matter how hard the game is or what the score is you can be certain she has the biggest smile on her face the whole time. Its great to see her developing her skills and confidence on the field while enjoying every minute to its full potential. Definitely a well-earned player of the match this week.

Under 8 Echidnas

Kings Langley played Parklea this week, who proved to be a challenging side. However, the boys displayed some great tackling and defence skills, giving us lots of opportunities to score those winning goals. The boys are working well as team, but still need to focus on their positions.

Under 9 Lions

The Lions were in great condition during their game against Rooty Hill to have a 9-1 win! Belmain received the player of the week trophy as he was able to make power plays, set himself up with great positioning & also did a header! Liam put his body on the line to save numerous goals. Hunter had a superb first half with great presence shown & pressure on the opposition. Special mention to Atif who celebrated his birthday on game day with a few goals & extra support from his family.

Under 11 Dolphins

We lined up with a full team today with two reserves. Henry, Tyrell and Chris combined early on and were very dangerous in attack. The Glenwood goal keeper was in superb form as he saved many shots on goal in the first half. Glenwood made a number of breaks in the first half and they were skilfully diffused by Joshua and Brock in midfield. Travis was masterful in goals as he saved a number of serious shots by the Glenwood attackers. Maddy and Kareen combined well in defence swapping with Ethan and Reshwan as they thwarted the never-ending raids into our own half. J was excellent again as our sweeper cleaning up a number of the Glenwood strikers by halftime the score was even with one goal apiece. Glenwood changed tactics in the second half and positioned three defenders on the penalty box. Henry, Tyrell and Chris took a number of shots on goal and despite excellent work by the Glenwood defenders and goalkeeper we managed to increase our own score. Brock also scored an excellent goal by pouncing on a defensive mistake. In return Kareen who was now in goal worked tirelessly as he stopped a number of runaway attacks. Reshwan and Maddy combined to feed the ball through Joshua and our attack commenced again. Ethan and Reshwan combined to reduce the Glenwood incursions and towards the end of the match our attack was spoilt for choice as we made a number of attempts on goal.

Under 11 Kangaroos

The kids tried very hard and played very well with the scores locked at 1-1 at halftime but narrowly lost despite having several chances which were saved by some good goalkeeping by Glenwood. We are again very proud of the way they played and there is improvement every week. Well done kids.

Under 12's

FINALLY! We got one! After a couple of near misses, we won one! We are playing better, and we created a number of chances to get the win. Dale put 3 past the keeper while fill-in Henry got a couple and Daniel one. Jamie created more than one of those and while he hasn't hit the back of net yet, over three quarters of our goals have gone through him. Ben was the usual solid self and he and Akshat had a lot of running to do as they had two speedy strikers. Indie Rose started to get some of speed down the wings back and Erin is getting to the ball more often. Elijah was strong in the nets again and his goal kicks are putting us quickly into an attacking position. Our midfielders are learning a new positional play and are coping well - Matilda, Hayden, Harshil and Zohresh all showed skill and as we start hitting the ball with more authority we will get stronger and stronger! Well done!

Under 20 Girls

All round good effort by the girls today against a much-improved Pendle Hill team. Passing through to the forwards and 1st touches were really good today and also forward positioning was better. Backs and mids had a tough job today but did really well holding up and jockeying. All the girls had a good game today even though we lost. So, keep up the great attitude and game play girls.....well done.

Over 35/6

It was always going to be a tough day at the office when a combination of injuries and work meant that only 9 players were available at kick-off. Although there were some extended periods of play where the boys knocked the ball around very well and held possession, a two-man advantage was always going to make the job nearly impossible. In the end Parklea's superior numbers was the difference. A top effort from those who showed up, and even though it was a grind everyone put in a shift right up to the final whistle.
