

From the Field

Round 12 Match Reports

Under 5 Kangaroos Black

This round saw an evenly matched game against Ponds FC. Both teams had to work hard for their goals. A great effort from everyone today.

Under 5 Kangaroos White

A very entertaining first half with only one goal scored, both teams testing the other. As the second half come around, goals started coming a little faster. Some good defence by our team was shown through the game

Under 6 Lions

Great game by U6 Lions putting our training into practice, passing the ball around really well and some great dribbling runs by Aadvik. We were unlucky not to score with a fantastic shot by Elizabeth hitting the post.

Under 6 Whales

Kings were very enthusiastic little vegemite's this game and it showed in the score. Everyone played well.

Under 7 Kangaroos

Another good effort from the boys. What impressed me was the improvement in passing, especially after the half time talk. Its great to see the boys listen and then put what they hear into action.

Under 7 Magpies (Red)

Kings Langley held tough for most of the first half, going into the break 1-0 thanks to some strong defence. However, Quakers came out strong in the second half to snatch 6 goals from a tired Kings Langley. Good effort from KL and great work from Quakers.

Under 7 Magpies (White)

We had a good game this week working really well as a team. We faced an opposition that had one key player that was strong enough to shoot from anywhere on the field. We struggled to keep him under control. It was great to see the kids challenging for the ball and working well as a team, on numerous occasions we stifled the opposition player restricting his ability to score. Our stand play of the day came 20 seconds after half time. During the break we asked each of the kids what we needed them to remember in the second half. Lilys answer was take the ball and score a goal. 20 seconds into the second half she did just that securing herself a fantastic individual goal. A special thank-you to Levi Solomona for upgrading this week and being our Super Sub. It was great to see him taking it to the bigger players.

Under 9 Lions

Kings Langley Lions played a great game against Plumpton. The Lions worked well as a team and were able to have a consistent game showing domination in the game with subs and a magnificent performance from lbi with a hat trick to start the game off, well deserved player of the match!

Under 11 Dolphins

It was a magic morning for soccer and our team with 2 players down were all pumped for the game to start. Chris and Tyrell were quick off the mark at the beginning of the game, but Quakers scored their first goal very quickly. Then our mid-fielders of Joshua and Brock assisted our strikers with our first two goals. J, Ethan and Maddy followed up with strong defence and Karavaneer stopped a lot of attempts at goal. In the end our team won the day 3 goals to 2 goals. It really was a great game.

Under 11 Kangaroos

Probably the best game that the kids have played all year, despite narrowly losing 3-2 to Town Rangers. Everyone was so proud of the effort that they put in. At halftime the score was 0 - 0 and despite conceding 3 they all rallied with some excellent teamwork and great passing to get 2 goals back. If they can keep playing like this, they will definitely get more wins than losses before the season finishes. Well done kids.

Under 12's

As is often said the score did not reflect the closeness of the match. Plumpton is a very strong team with players twice the size of most of our team. But we played well, and they simply made the chances they had count and we tended to take the ball for one touch too many and lost momentum. When we did, we scored the goal of the year which started from Ben in the backline, to Hayden who one touched to Dale, another touch to Jamie just in front of halfway and then Jamie was never going to be denied as he flew and fought down the sideline for 40 metres before beating his man, then drawing the keeper and laying off a very unselfish pass to Dale who slammed it home. WOW. Ben had another solid game at the back as did our always reliable keeper Elijah. The mids are still a work in progress but Kevin is getting back some form after his holiday and Harshil and Zohresh and Daniel supported well - we can get fitter. As said they were much bigger and the person who first took them on and led by fearless example was Erin. She tackled and harassed them which then the others followed. Well done to all - we learned a lot and played solidly - on to next week. One last comment is a cheer to Hayden and India Rose who showed what it means to be part of a team. When they were off they were at the side cheering the team and watching intently - sometimes it is those little things that make the difference as when they went in they knew exactly where to go and were focused - well done!

Under 15 Girls

Slow first half team pulled together in second half having a good second half. Unfortunately, we had only 9 girls on field.

Under 20 Girls

Well done under 20 girls on the 3-2 win against Greystanes. All round, fairly good game with plenty of counter attacks and shots on goal. 1-1 at the end of the first half with good improvement in the second, with the communication and passing and holding to get the win. It was great to get some more points on the board, so it up Kings!!!!

Over 35/6

Two lapses of concentration had us down 2-0 at half-time, but the belief was strong that the game was still there for the taking against the side to beat in the competition. Some interesting referee decisions in the second half took the wind out of our sails, and in the end, Tigers showed why they are at the pointy end of the table.
