## U5 Sharks vs Ropes Crossing Strikers (Black)

Not provided

## U6 Kangaroos vs Ponds FC (Yellow)

The U6 Kangaroos were all very excited (and a bit nervous) to play their first ever match. They all did lots of running and were not too disheartened with the loss. By the end of it the nerves were gone and they wanted to keep playing.

A special mention to player of the match Spencer who saved a countless amount of goals and to Joey who received a minor injury but dusted himself off and kept playing. Encouragement award goes to Joey for this great effort.

**Player of the Match:** Spencer

**Encouragement Award:** Joey

## U7 Development 3 vs Glenwood Redbacks

It was an exciting and memorable occasion as the Under 7s took to the field for their very first match. With only five players available, both teams agreed to play a 5-a-side game, ensuring everyone could still take part and enjoy the experience. There were lots of enthusiasm as the players got their first taste of game day.

As the game went on, confidence began to grow. There were some fantastic individual efforts and glimpses of teamwork. Most importantly, it was a fun and positive introduction to the game, with all players showing great spirit and finishing the match proud of their efforts.

**Player of the Match:** Lucas

**Encouragement Award:** James

## U8 Development 4 vs Oakville United SC

Great start to the new season. Lots of returning players with a few new team-mates.

For a 1st round game there was some good passages of play where we showed teamwork.

It was also our first game trying to think about positions and not just following the ball as a pack. Not the result we would have hoped for but everyone put in lots of effort and never gave up.

**Player of the Match:** Teddy

## U9 Development 4 vs Ropes Crossing Strikers (Black)

It was a great game. No one got hurt. KLSFC U9 team came together very well and had given their best.

**Player of the Match:** Dale

## U10 Development 7 vs Lourdes FC

Great game from both teams. Great Sportsmanship.

**Player of the Match:** Joseph

## U11 Development 5 vs Blacktown St Patricks SC

Not provided

## U11 Development 3 vs Ponds FC (Gold)

How good is Football? A warm way to kick-off the season, and these boys were on FIRE!

A Disrupted preseason, thank you mother nature, meant little come game time. From the opening whistle with precision and poise we were able to wrestle early dominance. Classy touches from Nate early on saw some good chances on goal, but it was an effort from long range that gave us the opener.

To Newbury's credit, they fought back and were dangerous on the counter which led to an equaliser mid-way through the first half. Ezra, looked to have the ball on a string, cutting through the lines of the defence time after time, and a reward on effort, cut out a stray pass to finish beautifully for us to retake the lead.

Great build up play from Frankie and Nate, saw Aiden free as a bird in the middle of the box and his opener for the season was always going to be the only outcome.

The second half was an even contest for the most part, Matteo, Daniel, Rylan and Blake made sure Ethan had a quiet game in goals with big defensive efforts and last-ditch tackles ensuring Newbury were unable to close the gap. Brandon and Harvey led from the front and were both unlucky not to get their names on the scoresheet.

Fitness proved pivotal as the game neared its conclusion with the boys still full of running, and a quick corner routine from Omar, saw Ezra in space to score his second from well outside the box. He then turned provider, with a stunning cut ball across the box seeing Aiden grab a double just before full-time.

An exquisite way to start the season, showing us all once again, why it's called the Beautiful Game!

A special thankyou to the Parents, Grandparents and Siblings in attendance providing these legends with a fantastic atmosphere on match day, may it long continue.

Take a bow lads, Well Done!

**Player of the Match:** Ezra

**Encouragement Award:** Daniel

## U12 Div 3 vs Doonside Hawks (Maroon)

### **Kings Langley SFC 3 - Doonside Hawks (Maroon) 3**

First game of the season and, honestly, a few nerves going in. Bringing together two separate teams from last year always comes with that “will they click?” question.

Safe to say... they did more than click. They turned up as a team.

From the first whistle, the effort was there. Hard on the ball, backing each other, and actually enjoying it. Not bad for round one when it's usually a mud bath or completely washed out. Instead, we got sunshine and a cracker game.

Final result: 3-3 draw

Goal scorers: Tyler (opening the season 🤝), Kiber, and Will!!!

Big shoutout to Sebastian in goal, he is absolutely fearless. The kind of keeper every coach wants. Unfortunately rolled his ankle late in the game, but he's okay.

Across the park:

Defenders held strong and did their job all game.

Midfielders were the engine room - nonstop work.

Forwards delivered goals on the board from all our front line.

Everyone played their role. No passengers.

If this is how we start, there's only one way this team is heading.

On to next week....

**Player of the Match:** Tyler

## U13 Div 3 vs Ponds FC (Gold)

### **Kings Langley SFC 1 - Ponds FC (Gold) 10**

With a new team coming together and playing on a full-sized pitch for the first time, this was expected to be a challenging game. Adjusting to the larger field meant it was harder to close up the gaps quickly and we had to string longer passes together in forming our attack. However, as the game progressed, the teamwork started to gel and we put together some fantastic plays that had our opponents scrambling.

At the 29th minute Vyyom made a breakthrough through the defence and managed to link up with Sebastian to give him an assist that left him in a one-on-one with the keeper. The resulting goal gave everyone a confidence boost going into half time. Savik also had a great shot on goal that nearly landed us a second shortly before full time.

Congratulations go out to Vyyom for his player of the match performance. Special thanks also to Aarin for stepping up to be goalkeeper in the second half, and to Blake for keeping everyone's spirits high with encouragement throughout the match.

**Player of the Match:** Vyyom

**Encouragement Award:** Blake

U14 Div 4 vs Marsden Park FC  
Proudly sponsored by Delta Blinds

### **Kings Langley SFC 1 - Marsden Park FC 7**

This was a tough game where the team played better than the score might suggest.

It was a warm day and the team had to rely on some volunteer help from the U11/3 to fill out the squad and create a bench. The game started off even, and the work that had been done in training on passing and shielding the ball was starting to show. Marsden Park had the better of the opportunities though, and were able to capitalise on some lapses in marking.

The second half was a much better showing, and there were some excellent passing combinations on attack and some very robust defence as well. Unfortunately for Kings, Marsden Park successfully rode their luck with some quality shots, taking the game well out of reach.

Special thank you to Blake, Ethan, Ezra and Nate from U11 who all made some top notch contributions on the field. Shout out to Addi for her resilience in pushing through the pain of her recovery from an off-season foot and ankle injury, but also for recognising when she needed to rest before pushing too far.

Player of the Match was Jill who was physically strong in defence as always, but is starting to add driving forward with the ball to her arsenal, and whose passing continues to improve each week.

**Player of the Match:** Jill

## U15 Div 2 vs Blacktown St Patricks SC

### **Kings Langley SFC 1 - Blacktown St Patricks SC 5**

What a cracking day for the start of the season. Our boys started off slowly and showed some nerves to stay the year and were out paced by a better team today.

Some new positions for some players but we did see some good passages of play with an improved second half performance.

As we always say , you're either winning or learning. So we shall see next week what we learned from this weeks loss.

**Player of the Match:** Brian

## O35M Div 4 vs Newbury Bulls SC

### **Kings Langley SFC 3 - Newbury Bulls SC 2**

The off-season sometimes feels like it lasts forever. This year the team finds itself in the rare position of having a completely full squad, welcoming new players Simon and Matt, as well as the return of Bairdy and Daz after they both had a season break in 2025.

After last year's efforts, it was time to see what this promoted team could achieve in a higher division.

The game started slow, with some firm tackles to knock off the rust. The team struggled to control the centre of the field in attack and defence, and didn't display the same hunger for the ball that Newbury did. We were too quick to try and do something while in possession, and didn't show enough urgency without the ball. It's a good thing that the squad size is so large this year, as the first ice pack of the season was busted out before the first half had ended. We went in to the break 0-0 with everything still to play for.

The second half started off with still not quite the right level of effort. However, a golden period of around 10 minutes saw a majestic performance by Art creating 3 assists for goals scored by Alistair, Mher and Daz. These goals put us in the box seat. Some short lapses in concentration let Newbury back into the game as they responded with 2 quick goals of their own. However, we were able to keep them out for the remainder of the match and finished with the win.

A solid way to start the season, but definitely room for improvement.
